To complete your audit class roll, at the minimum you must check “Attended at least once” or “Never Attended” for each student. These are required fields.

If a student is attending the class, but is not on the audit class roll, you will need to enter the ID number at the bottom. Use the magnifying button to look up the student number using the name. If you do not have the student ID and are unable to find the student using the look up function, enter the name in the text box.

To add multiple students, use the plus sign icon on the right.

After all entries for your Audit Class Roll have been completed, change the Approval Status to “Approved”. You must have checked every student as either “Attended at least once” or “Never Attended.”

REMINDER: Once the Approved status is chosen, no further changes/updates can be made to this Audit Class Roll. Emails will then automatically be sent overnight to the student(s). Once the emails have been sent, the status will automatically change to Notice Sent and no further updates may be made.

After saving the Audit Class Roll, select RETURN to view additional rolls in the course list.
